

Ethics Approval

Research Ethics Committee

A SIDCER (Strategic Initiative for Developing Capacity in Ethical Review) supported REC

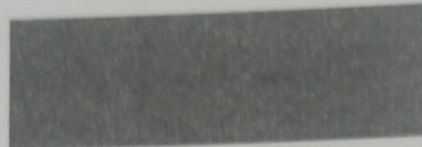

Faculty of Medical Sciences, University of Sri Jayewardenepura
Gangodawila, Nugegoda, Sri Lanka

Date: 30.05.2024

Our Ref: REC/Com Med 07

ERC meeting Date: 30th of May 2024

Dear Dr

Application number: Com Med 07

Title: Knowledge, attitudes and factors influencing knowledge on waterborne diseases among undergraduate students from selected faculties in a selected University in the Colombo District.

Investigators:

- [Redacted] – MED 4776
- [Redacted] – MED 4648
- [Redacted] – MED 4668
- [Redacted] – MED 4616
- [Redacted] – MED 4640

Supervisors:

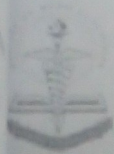

- [Redacted]
- [Redacted]

I am pleased to inform you that the FMS/USJP REC at its subcommittee meeting held on 30.05.2024 has granted ethical approval for your project subject to methodology being approved by the **Department of Community Medicine** as per details given below.

Document	Version No	Date of submission
Project proposal	2.0	29.05.2024
Study instrument - English	2.0	29.05.2024
Study instrument – Sinhala	2.0	29.05.2024
Informed consent form - English	2.0	29.05.2024
Informed consent form - Sinhala	2.0	29.05.2024

The ethical approval is effective from the above-mentioned REC meeting date. Please note that ethical approval would be revoked if any alteration is made to the project without obtaining prior written consent from the ethics review committee.
