Very likely <<   >> Not likely at all
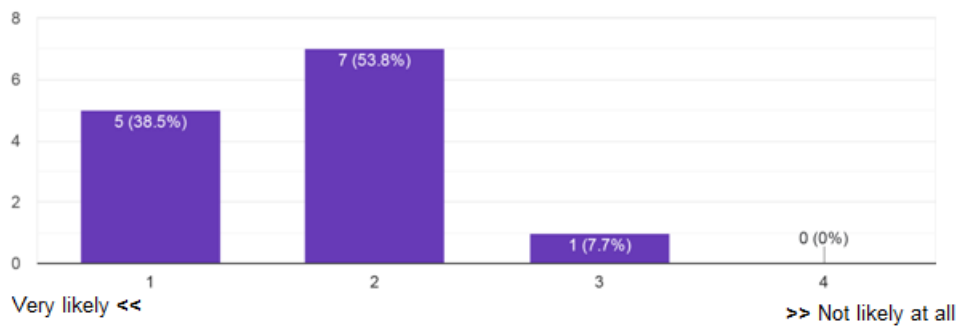

How confident do you feel in your ability to use Google Calendar to manage your time, tasks, and events after attending the workshop

13 responses

Very confident <<   >> Not confident at all
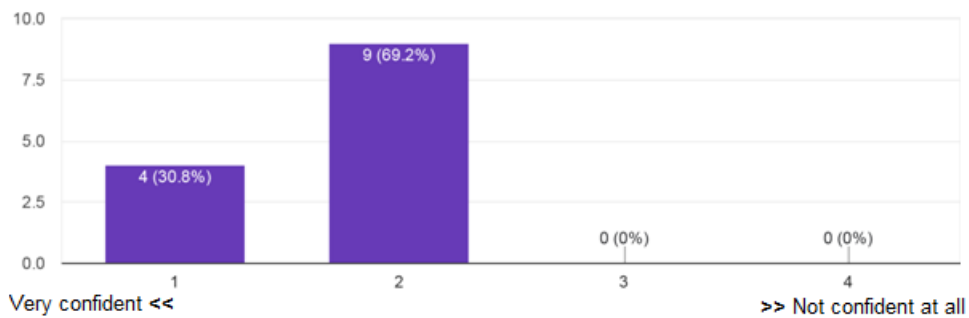

How much did attending the workshop improve your knowledge and skills related to time management and productivity?

13 responses

Would you recommend this kind of workshop for others

13 responses

Comments or suggestions for how we can improve the workshop in the future?

5 responses

1. Good, very useful, but very fast explanation. So difficult to catch up.
2. Most of us are not familiar with Google calendar. So I think the demonstration should go little bit slowly.
3. Please share the recording for this workshop
4. Please share the recording to listen again to clarify doubts
5. I think within short period try to teach lot. So session was bit fast. But if recording is available can follow slowly
